

YOUTH RATING FORM

How To Use This Form

Raters Instructions

After completing your on-field observation of the candidate using any of the various methods that umpires have developed you MUST complete the "Youth Rating Form" and submit the form to the rating event coordinator/chair. Please be sure to provide enough commentary that the candidate may receive meaningful written feedback based on her performance during the rating session. Commentary must include details relative to the **5 core areas** of evaluation – 1) Professionalism, Responsibilities, and Ethics; 2) Knowledge and Judgment; 3) Positioning, Field Coverage, and Fitness; 4) Game Management, Penalty Administration, Mechanics; and 5) Comportment, Communication, and Teamwork.

Specifics on the use of this form

1. Check all boxes that apply to the candidate's current skills. The candidate must meet all listed criteria for a box to be checked. If the candidate did not have the opportunity to show a skill, the Rater shall best estimate the candidate's likelihood of being able to execute a given skill through questioning the candidate about basic concepts/procedures or performance in other similar skills.
 5. The candidate **MUST** be able to demonstrate **ALL** criteria in **BOLD** to meet minimum Youth proficiency.
 6. If in the initial evaluation, a candidate cannot demonstrate a skill in **BOLD**, the candidate must be able to implement feedback and show minimum proficiency by the end of the rating session in order to receive a Youth Rating. Remember – the "rating session" is not a "clinic/camp". The "rating session" is designed to be a test of the candidate's on field competencies.
 7. The ability to perform non-**bold** items indicate that the candidate is a higher level Youth official.
