These sheets must be filled out and returned to the desk clerk on check-in day. **Please note: A credit card is required at check in from all teams to cover lost meal cards and lost room keys. Your team will not be permitted to participate in the event without submitting a credit card to the University at check in.**

Damages will be assessed by the RA in each residence hall upon check out. ***Individuals or teams will be billed for any damages that occur during their stay.*** This includes any damages for which they are responsible in their room or any areas of the residence hall, other residence halls or other buildings. Teams or individuals involved in any damage liability will be held completely financially responsible.

Damage to common areas will be billed by splitting the cost equally among teams staying in the area where the damage is found – therefore reporting damage immediately will help the University track down the proper party which will ultimately save charges to a team that is not responsible for damages found in common area's.
