LADM for Clubs

Sport clubs and organizations are a key part of both the youth and adult lacrosse experience in the United States. By using key LADM concepts, a club can focus on growing their athletes and teams into success stories.

Use these 10 key recommendations* to help maximize your clubs’ impact on the athlete’s lacrosse experience:

1) Limit cuts for ages 0-12 and focus on developing skills over competition outcomes.

2) Use the US Lacrosse LADM to design your own club development pathway for participation and competition offerings.

3) Provide physical literacy (i.e. agility, balance, coordination) training at every practice at every level.

4) Periodize training and rest time for your athletes to cut down on overuse injuries and burnout.

5) Encourage multi-sport/activity and cross-training to keep your athletes active and developing outside of your program.

6) Use developmentally appropriate drills and practice plans at all levels.

7) Provide qualified and certified coaches at all age levels.

8) Keep participation/competition costs reasonable. Find ways to increase numbers and retention rates from year to year, season to season.

9) Provide quality feedback and age-appropriate development benchmarks to parents and athletes.

10) Operate with an athlete-focused philosophy by creating fun, engaging and challenging sport experiences across all levels of development.
