Section 1: Notable playing rule changes for ALL 2018 scholastic play:

1. Players sticks may touch the ground over the restraining line on the draw they still may not cross the line until possession is established if doing so would constitute more than 3 players for that team between the restraining lines.
2. The sticks on the draw must be fully parallel and within the vertical plane of the center line.

Section 2 : Rules specific to WCLA play: (Rule 1 is new for 2018)

1. A yellow card may be a two-minute releasable or non-releasable penalty. A non-releasable yellow card is issued when it is the team's fourth or subsequent yellow card. The total team card count to four includes both yellow and red cards. Teams will not play down for the rest of the game. Once the card count of four is reached, yellow cards become non-releasable. A red card is always a two-minute non-releasable penalty. The issuance of cards should be considered a warning to all players. The

penalty for cardable offenses must be served during elapsed playing time, which will carry over to the second half or overtime if necessary. If the half or game, which goes into overtime, ends prior to the administration of the free position, the second half or overtime period will begin with a free position at center for the non-offending team. Player positioning for the draw shall apply.

2. Players on the defending team in their defensive end of the field may run through any portion of the goal circle while defending. Only the defensive player who is directly marking the ball carrier within a stick's length may remain in the goal circle while defending.
